

THINNER (2900)

Main Characteristics

- 2900 is a solvent designed to thin or dilute solvent-based screen inks, in order to modify the viscosity and other properties related to the rate of drying.

Features

- Evaporates quickly
- Improves drying time
- Effectively reduces the viscosity
- Good compatibility with solvent-based screen inks

Standard Packing

20 ltr, 5 ltr and 1 ltr container.

Safety and Handling

- Whilst working with the 2900, the consumption of food and drink, and smoking are not recommended.
- Comprehensive information on the Safety and Handling of 2900 in Safety Data Sheet, available on request.

Storage

- Storage temperature should not be over 40 °C. It should be stored in a dry location with good ventilation and away from heat or ignition sources.
- When stored under these conditions, It is expected to have a shelf-life of 24 months from the date of manufacture.
- Close the bottle tightly after every use.
