

DEGREASER PLUS (P-4419)

Main Characteristics

Product Characteristics

Gel/ Light brown colour

Instruction for use

- Soak the screen with water.
- Use the soft brush to apply some of the Degreaser plus P-4419 onto the screen mesh and rub in a circular motion.
- With a circular motion, rub into the mesh and ensure the entire screen area is treated.
- Leave for a few minutes.
- Use a strong water jet or high pressure water gun to remove the Degreaser.
- Dry the screen thoroughly before further use.

Important

- Stir well before use.

Features

- For pre-treatment of all mesh used with direct emulsion, capillary and direct/indirect films, on both new and used screens.
- Ensures consistent adhesion, eliminates static, fisheyes and pinholes.
- Easy to operate.

Standard Packing

25 Kg, 5 Kg and 1 Kg

Safety and Handling

- Is free from any toxic, carcinogenic, mutagenic and reprotoxic chemicals.
- Does not have a flashpoint and is, therefore, exempt from the Highly Flammable Liquid Regulations.
- P-4419 should be used with care. Wear suitable PPE, for example, appropriate gloves and safety glasses.
- Should be stored away from children.
- Comprehensive information on *the Safety and Handling of Degreaser Plus* in Chaiyaboon Safety Data Sheet.
